WHEEL SPEED SENSOR EXTENSION HARNESS (P/N: 834015) GSX-R1000 (2017) PRODUCT INFORMATION

For extended bike applications, this Wheel Speed Sensor (WSS) Extension Harness simply plugs in-line with the OEM wheel speed sensor. No cutting or splicing required. Functions with the OEM ABS and TCS.

Package Contents:

WSS Extension Harness shown:

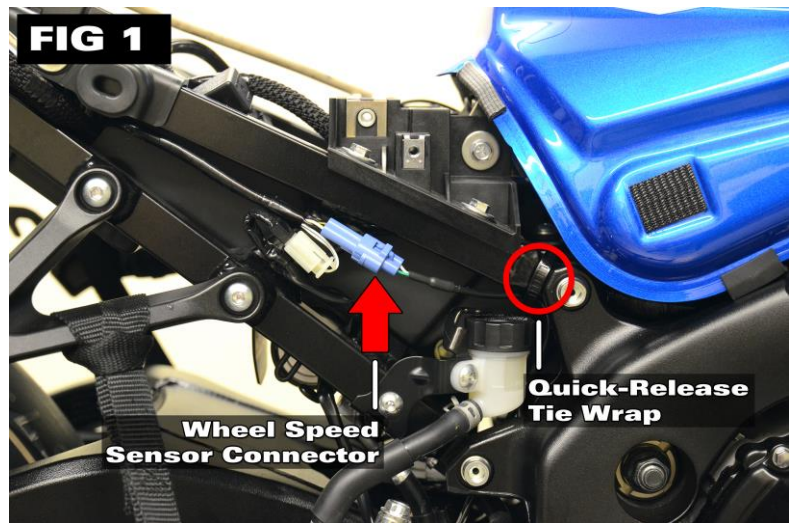

1. One (1) WSS Extension Harness
2. One (1) Product Information Page

If your package contents differ, please contact Brock's Performance at 937-912-0054.

Installation Notes:

- Remove the bolt securing the right side frame cover. Remove cover.
- Disconnect the blue wheel speed sensor connector (Figure 1).
- Remove the quick-release tie wrap (can be reused) securing the wheel speed sensor wiring (Figure 1).
- Plug the wheel speed sensor extension harness in-line with the OEM wheel speed sensor wiring.
- Route wiring along the swingarm. Check for secure fit and clearance around any moving parts / exhaust.

All Brock's Performance products are designed for closed-course racetrack use ONLY!
