If any parts are missing, contact Brock's Performance Products.

**Brock's Performance Alien Head Slip On**

### INSTALLATION

1. Remove the stock muffler and catalytic converter as per service manual.
2. Install elbow onto collector using high temperature silicone sealant on inside of elbow. We suggest Permatex® Ultra Copper® Maximum Temperature RTV Silicone Gasket Maker.
3. Slide muffler over top of elbow. Use small amount of high temperature sealant on the inside of the muffler. Install the (2) supplied springs.
4. Remove the (2) stock bolts from the right (brake side) foot control mounting.
5. Replace the stock bolts with the (2) supplied 45mm long bolts with flat washers.
6. Install muffler bracket behind foot control mounting onto the (2) bolts and secure with the supplied nuts and flat washers.
7. Use the supplied 20mm bolt, nut, and washers to attach the muffler-mounting tab to the bracket.
8. Enjoy the added performance of your new Brock's Performance exhaust system!

**All Brock's Performance products are designed for closed-course racetrack use ONLY!**
